Author definition is - the writer of a literary work (such as a book). How to use author in a sentence. An author is the creator or originator of any written work such as a book or play, and is also considered a writer. More broadly defined, an author is "the person who originated or gave existence to anything" and whose authorship determines responsibility for what was created. Author definition, a person who writes a novel, poem, essay, etc.; the composer of a literary work, as distinguished from a compiler, translator, editor, or copyist ... Usage Note: The verb author has been criticized for its transitive use as an unnecessary or pretentious synonym of write, though note that it typically refers to the writing of material that has been published—and not to unpublished texts such as love letters or diaries. So the two words are not exact synonyms. The Usage Panel has tended to sympathize with the traditional view, but this ... Author, one who is the source of some form of intellectual or creative work; especially, one who composes a book, article, poem, play, or other literary work intended for publication. Usually a distinction is made between an author and others (such as a compiler, an editor, or a translator) who assemble, organize, or manipulate literary materials.
