

Download Bar Chart Maker Ks2

I created this SMART Board Curriculum page for a summer in-service for my district's 4th & 5th grade teachers. My SMART Board Web Page I created this lesson for a low attaining Year 11 group. They had never used the bar model before for solving ratio problems. Taking our time to focus on drawing a diagram to represent each problem was worth it as by the end of the lesson they had gone from not really understanding what a ratio was to answering the 3 mark exam question with ease! iR Maths Packs - Award-winning resources for interactive whiteboards. Powered by the Tampa Bay Times, tampabay.com is your home for breaking news you can trust. Set us as your home page and never miss the news that matters to you.
