

Download Frayer Model Synonym

Synonyms for model at Thesaurus.com with free online thesaurus, antonyms, and definitions. Find descriptive alternatives for model. The 'Frayer model' is a long-standing graphic organiser that has been deployed in classrooms with success for decades (it was first conceived Dorothy Frayer and her colleagues at the University of Wisconsin). It is a simple but effective model to help students to organise their understanding of a new academic term or complex vocabulary choice. Graphic Organizer Template: Frayer Model Your students will use this resource to analyze their vocabulary words and relate them to other ideas and concepts. It is a great graphic organizer for all content areas. For math, the model might look a bit more dynamic. The main difference is that the worksheet can contain shapes or pictures to illustrate the concept or word. For geometry, especially, it is recommended that teachers encourage students to draw shapes for a hands-on experience. 3. Geography Frayer Model Example 3. Geography Frayer Model Example, Frayer Model Synonym.
