Watch this presentation. Learn about mental math. (Yes, there's a typo in the problem, but you can still learn what it's showing you.) Check your Mental Math ...Page 4 Math Operations One of the most difficult parts of word problems is deciding which operation to use – addition, subtraction, multiplication or division. To do this you must read the problem carefully. Decide what the problem is asking you to find. What is the question it is asking?The Math 4 (3.0) works a little differently than the 2.0. The academic content is the same as always and includes over 100 hours of multimedia instruction! However, each course is now delivered online as a 12-month subscription (per student). This obviously means no more discs (and, importantly, no more need for expensive disc replacements).After our children have finished Miquon Math, we let them begin the Key To Fractions series. Since we have the children write the answers out in a scribbler rather than in the workbooks, it is a difficult transition at first, but by fourth grade our children have been able to manage this., Key Math 4.
