

# Download Probability Worksheets Ks3

Various resources for KS3 (11-14 year olds) on probability. PowerPoints can be used on IWB or with a projector. 'Probability' introduces probability vocab. &'Probability question cards' can be laminated and cut out - I used at the end of the topic with pupils working in teams. Related Topics: More Math Worksheets  
Objective: I know how to find the probability events that are mutually exclusive. Events are mutually exclusive if they cannot happen at the same time. For example, if we toss a coin, either heads or tails might turn up, but not heads and tails at the same time. WorksheetWorks.com is an online resource used every day by thousands of teachers, students and parents. We hope that you find exactly what you need for your home or classroom!  
Solving Probability Problems Using Probability Tree Diagrams, how to draw probability tree diagrams for independent events (with replacement), how to draw probability tree diagrams for dependent events (without replacement), examples with step by step solutions, Probability Worksheets Ks3.
