Inbrija levodopa An oral inhalation formulation for intermittent OFF episodes in Parkinson's disease patients .  
Cequa cyclosporine New higher strength ophthalmic formulation of cyclosporine to increase tear production in patients with dry eyes  
Pharmacists are on the front lines of patient care. They need evidence-based resources at their fingertips to educate patients effectively, make clinical recommendations, and provide medication therapy management (MTM) services. Plus, pharmacies that serve patients with Medicare Advantage health plans or Medicare Part D prescription drug plans are in the perfect position to impact quality ...
